

Business area: Faithful+Gould

Requirements: Obtained or working towards 2.2 degree or above in project management or a degree in any subject for those who can demonstrate commercial or technical acumen. We'll sponsor your MSc on a day release basis if you don't have a degree in a relevant subject.

Our teams and what they do

Project Management

Working as a Project Manager you will form an integral part of our established team of project and Programme Management practitioners and will be supported in all aspects of your career development. Our Project Managers are involved in some of the world's most prestigious and complex projects, requiring meticulous planning to ensure successful delivery to our clients and stakeholders. You will work in a wide variety of industry sectors and will develop your skills on a multitude of projects, learning from some of the best professionals in the world. You will be developing your confidence, building upon your communication and problem-solving skills as well as honing your management abilities.

As a Project Manager at F+G you'll be working directly with clients to achieve their goals, this may include assisting clients in developing the strategy for their project or programme, managing multidisciplinary project teams to turn ideas into tangible designs, or managing projects onsite to help turn concepts into reality. This will require spending time in F+G's offices, the client's office or the client's site.

In joining F+G's Project Management team, you will not only be gaining the knowledge and experience to pass your Chartership, but you will be joining one of the world's leading project management providers

Training and development

Our training will help you solve real-life problems from day one and develop industry skills that are highly sought after.

- Our 3-year flexible graduate scheme promises to give you the support you need to develop your technical, commercial and consultancy skills. What defines Faithful+Gould is the unrivalled amount of support by your assigned supervisor and buddy during APC workshops, monthly Q&A, training and mocks.
- Professional development which will be discussed throughout GDP, supporting you in becoming a well-rounded consultant and encouraging you to obtain your APC by offering you a wide variety of work and projects in order to gain experience required to achieve this. We also offer core learning modules to develop your softer skills such as technical writing and presentation skills to enable you to complete your day to day role.
- APC coaching, professional training and industry exposure with a high-level clients and variety of projects
- This year we have had exceptional UK APC results exceeding the national average by 15% with a combined pass rate of 80% which shows our dedication and commitment to training and L&D.
