# SOLVERS

**Business area:** Project and Programme Services (PPS)

**Requirements:** On track to achieve a minimum of 2.2 Bachelor's degree or above in a RICS accredited Quantity Surveying degree, or a degree in Business Finance, Construction Management, Construction Project Management, Engineering & Technology, Maths, Project Management, Quantity Surveying, Science.

**Our teams and what they do**

**Quantity Surveying – Commercial Property Team:**

If you join one of our Quantity Surveyor Property teams you will enjoy exposure on a wide variety of schemes, in all sectors for both public and private clients. This includes new university campuses, commercial office developments, refurbishment of listed buildings and museums, large residential scheme, theme parks, the list is endless! You will learn to guide design teams, ensuring projects are designed within our clients' budget and you will work with contractors, managing construction costs for our clients. This could be by working at one of our local offices, from the client's office or out on site.

You will be developing your communication and problem-solving skills as well as honing your mathematical ability and business acumen. You will be given the opportunity to grow, with a wide variety of projects to work on with an experienced, high performing qualified team, to learn from.

**Industrial Year Placement Locations:**

Leeds, London

**To apply, please return to the main job specification**
